

# SUCCESS SEEN FOR NAVY PLAN BY PRESIDENT

Coolidge Is Represented as Having Every Expectation of Favorable Consideration by Powers.

## PROPOSAL SEEN AS REASONABLE

Attention of Washington Is Focused Particularly Upon Paris for Its Final Decision.

Washington, February 11.—(AP)—President Coolidge has every expectation of favorable consideration by the Washington naval treaty powers of a suggestion for a further extension of the treaty which provides for a conference to be held at Geneva.

The expectation is based, it was said today at the White House, upon the reasonableness of the American proposal and the fact that it proposes to apply further a formula for naval limitation already worked out and accepted by the Washington treaty powers.

It was emphasized that President Coolidge does not know specifically what reply will be made by Great Britain, France, Italy and Japan.

Escape Affirmed.

He feels, however, that inasmuch as difficulty has been uncovered during the Geneva preparatory disarmament conference as to which branch of armament should first be taken up in an effort to formulate a comprehensive plan for reduction of air, land or sea forces, the American suggestion to proceed with naval limitation under the Washington treaty formula affords an escape.

If that process should be followed and the delegations of the Washington treaty signatories meeting at Geneva are successful in extending naval ratio agreements to cruisers, destroyers, and submarines, President Coolidge feels that the disposition of this armament problem could be dealt with in the near future, particularly if naval armaments were considered as having

# MRS. MCKENZIE MEMORIAL OFFICER

Georgia President of U. D. C. Succeeds Colonel Peel on Stone Mountain Memorial Board.

Montezuma, Ga., February 11.—(Special).—Mrs. Oscar McKenzie, of this city, president of the Georgia division United Daughters of the Confederacy, has accepted the vice presidency of the Stone Mountain Memorial association to succeed the late Colonel W. L. Peel, it was learned here today. She has also accepted an appointment to the directorate of the association.

This is the second time Mrs. McKenzie, long prominent in U. D. C. work, has been honored by the Stone Mountain association. Shortly after her election as president of the Georgia U. D. C. last year she was elected to the directorate of the association, but declined the office at that time.

In accepting the two offices in the Stone Mountain association Friday, Mrs. McKenzie is said to have been very definite in stating that she did so as an individual and not in her capacity as president of the Georgia U. D. C.

# The Weather May Be Unseasonable But It Is Bringing in Vegetables

With peach, pear, and other fruit tree blossoms coming out at this time of the year, we who have to buy all our eat may be glad that the canners of the nation prepare in advance for such emergencies as the failure of a crop.

But the warm weather is bringing in the vegetables from the more southern sections of the southeast, and the groceries of Atlanta are well stocked to provide your needs.

The Constitution this morning carries the advertisements of the leading groceries, markets and produce houses, and you will do well to read them carefully before making your purchases today.

The prices quoted are the last for the day, and they point the way to big savings in your purchases.

# School Committee To Demand Audit Of 1926 Accounts

Advisory Body Feels Education Board Has Ignored It in Failing to Comply With Request.

## SWEEPING CHANGES MAY FOLLOW MOVE

When Audit Is Prepared Citizens' Committee May Offer Recommendations of Drastic Nature.

Demand for an audit of 1926 accounts of the school system will be made Monday at a meeting of the citizens' advisory committee, appointed to supervise expenditures of the school department for this year, it was learned Friday.

Compliance with this request, which has been made before, and which Monday is destined to take the role of a stern demand that the school board comply with wishes of the committee, presages may drastic changes in the system and may mean a complete revolution, according to well-founded reports Friday.

The committee in its recommendations released for publication January 26, asked that the audit be made, and the board has taken no steps towards complying with this request. It was reported that the committee, while making no insinuation of graft or irregularities, takes the position that there may be lost motion and duplication of effort and expense in certain departments which might be eliminated in the interest of economy, and that it cannot proceed intelligently without an audit.

When the audit is completed the committee will have before it for careful consideration and study all items of expense and their relative importance and will formulate a plan of operation based on the financial report of last year.

How Members Feel.

It is understood on good authority that members of the committee feel that the board has ignored their recommendations to a large degree, although no intimation as to just what position the committee will take relative to the revised budget, which will be considered also at the meeting Monday, has been given.

When the audit is prepared for the committee, that body may formulate a series of recommendations which would have the effect of reorganizing the department in a marked degree and drastic changes might be made if the board complies with the wishes of the committee.

Board members have taken the position that the school department at this time is in no financial condition to pay for an audit, but members of the committee hold that the most effective and economic manner to find trouble in any institution is to have a detailed audit so that departments which are spending too much money could be checked. Unless an audit is prepared there is no way to locate the trouble.

The committee feels that in justice to the city and even to the board itself the audit should be prepared and submitted to it and city council for careful study.

City council each year audits books of the previous year beginning in March, but it takes about 60 days to complete it. If this procedure were followed, the audit would be completed too late to permit any material cuts or reorganization to effect a material saving this year, it is pointed out.

Will Demand Action.

The committee wishes to have as soon as possible the figures and will renew its request in the form of a stern demand at the meeting Monday, authoritative reports Friday indicated.

The section of the recommendation which the committee made in reference to the audit follows:

"That an audit of income and expenditures of school finances be prepared at this time by an auditor employed by the city and a copy thereof be presented to council, the board and this committee."

The paper asking the audit was

# LACK BUT \$20,000 OF TOTAL SOUGHT FOR SCOUT CAMP

Success Is in Sight for Workers in \$75,000 Drive To Equip Boy Scout Summer Camp.

Subscriptions of \$300 from the Atlanta post of the American Legion and \$150 from J. J. Haverly, reported after the regular report meeting at noon Friday, sent the total of the \$75,000 Bert Adams Boy Scout reservation fund to \$55,144, less than \$20,000 away from the goal, as the workers plunged into the home stretch Friday night. The money was given by 1,153 persons.

Rodney Morrison's team in F. M. Spratlin's division smashed two records to force into the lead on Friday's reports, disclosing a total amount of \$4,107 secured during the first five working days of the campaign from 90 different subscribers, the most people reported by any of the 21 working teams.

Bayne Gibson's team, with \$3,875 from 61 persons, was second and J. C. Savage's team with \$3,835 from 71 persons was third. Morrison and Gibson are both captains in Spratlin's division and Savage is a captain in Hal F. Hentz's division.

Life Honor Patrol.

Following the report meeting Friday, W. Eugene Harrington, president of the Atlanta Boy Scout council, announced that the eight team captains who are leading at the final campaign report meeting Monday night will be formed into a life patrol of honor and will present the Bert Adams Boy Scout camp to the 1,600 scouts of Atlanta on behalf of the hundreds of Atlantans who have contributed to the fund.

The results of the day were hailed by W. C. Wardlaw, campaign chairman, Friday night as the "emphatic vote of confidence in the scout movement and the most eloquent tribute to the great Atlantans whose name the camp is to bear."

With success practically assured, Harrington and Wardlaw warned the workers and friends of the movement against over-confidence as the goal seems nearly in sight.

Must Raise Average.

Mr. Wardlaw pointed out that the average production of the teams during the first five working days of the campaign had been less than the \$300 per day it will be necessary for them to average if they reach the goal by Saturday, Sunday and Monday if the goal is attained.

This means harder work on the part of the flying squadron of volunteer solicitors than they have done even in the preceding days of the campaign, he pointed out. The work of the special committee, which has been securing gifts in large amounts, is practically complete as their list of prospective givers has been exhausted, and the rest of the fund must be raised entirely by the 21 teams in three divisions led by F. M. Spratlin, Dana C. Belser and Hal F. Hentz.

With the goal so nearly approached, however, we know that we can count on every man to do his share," Mr. Wardlaw declared.

The \$75,000 is to be used in completing the scout camp 12 miles north of the city.

## Just Married Actor Facing \$200,000 Suit

Robert Ames Will Be Defendant in Love Balm Action.

Chicago, February 11.—(United News).—Notice of a \$200,000 breach of promise suit was filed here today by Miss Helen Laiberg, New York cabaret entertainer, against Robert Ames, an actor, who married Miss Laiberg, a New York society girl, Thursday.

Miss Laiberg came here, it is said, to marry Ames. The suit was filed by her attorney, Milton D. Smith.

Miss Laiberg was reported under the care of a physician at a hotel here. She collapsed when she learned of Ames' marriage.

Ames is the star of "The Rascal Edge."

The actor was brief but emphatic in denying that he had contemplated marriage with the cabaret entertainer. "She was only a good friend of mine," he said. "I don't understand it at all. Miss Laiberg and I have been planning to marry for months."

Before her collapse Miss Laiberg had said that Ames had vowed his love to her before friends.

"Mr. Ames had been engaged to me two months," Miss Laiberg said. "He made the promise at the club (the Fifty-fourth club in New York) when he was the bracelet whiff. Miss Laiberg had given him from his wrist and in the presence of several friends, declared he loved only me and that we would be married when he came to Chicago."

# Local Police and DeKalb Officers Arrest "Bud" Hammond in Scottsdale Late Friday.

## EXTREME SECRECY FEATURES ARREST

Man Also Wanted in DeKalb, But Is Brought to Local Station for Grilling.

Acting upon information obtained through secret sources, a party of city detectives, city policemen and DeKalb county officers surrounded a house in Scottsdale, Ga., shortly after 10:30 Friday night. After forcing entrance, they arrested Stephens "Bud" Hammond, 30-year-old mill worker, on a charge of suspicion in connection with the murder here on February 4 of Mrs. Lottie Bell Ingram and her 11-month-old boy. He is held at police station.

Strict secrecy was maintained by raiding officers who remained hidden in the vicinity of the house until all lights within had been extinguished. At 10:30, the cordon surrounded the building and City Detectives N. Starnes and T. B. Lanford aroused the inmates.

A Mrs. Johnson, said to be the man's mother-in-law, answered the summons, but denied strenuously that Hammond was within. The officers, however, pushed the woman aside and after penetrating to a rear room discovered Hammond hurriedly dressing.

Made No Resistance.

"Here I am—what do you want?" he said, when the beam of a flashlight fell on him. He made no resistance but demanded to know exactly what charge the officers had against him. He told that he was wanted merely for questioning, the prisoner continued to ask what he was wanted for.

After being taken to the DeKalb county jail, Hammond was told that he was wanted there for assault and battery in connection with a fight in which he is alleged to have engaged some weeks ago.

He told officers that he has been employed in Porterdale, Ga., and more recently in Monroe, Ga., and that he had attempted to escape when the police aroused him because he thought they wanted him on the assault and battery charge.

Blanket Warrant.

Members of the police party declined to divulge the source of the information which prompted the arrest of Hammond, but it was believed that the blanket warrant sworn out Thursday by George Pounds, special investigator for the solicitor, had been issued as a step toward Hammond's apprehension.

In the police party were City Detectives J. N. Starnes, T. B. Lanford, L. D. Cady and C. L. Taylor. City

# HOSPITALS TO ASK FUND OF MILLIONS

Veterans' Bureau Planning Expenditure of \$1,600,000 at Atlanta Institution.

Washington, February 11.—(AP)—The veterans' bureau committee today instructed Chairman Johnson to introduce a bill to authorize transfer of the national soldiers' home here to jurisdiction of the veterans' bureau and abolish its board of governors.

It also approved a bill to authorize an appropriation of \$11,000,000 for construction of new hospitals and repairs to existing buildings. This measure would provide for retention for three years of existing contract hospitals.

The veterans' bureau informed the committee that it proposed to expend the hospital construction fund in part as follows:

Atlanta, Ga., \$1,600,000; to provide 400 beds. This would permit enlargement of the present hospital to accommodate the disabled in south-eastern states and thereby permit immediate closing of Lake City and the eventual closing of Alhambra, La.

Oregon, N. C., \$300,000; 150 beds. To replace temporary facilities and increase size of hospital to 500 permanent beds.

North Little Rock, Ark., \$250,000; 100 beds. To erect a new building for acute psychiatric cases.

## LOCAL LEGION STARTED MOVE

A telegram from Congressman William D. Upshaw confirming the proposed appropriation by congress of \$1,600,000 additional funds for the enlargement of hospital facilities for disabled world war veterans at Hospital 48 was read at the regular meeting of Atlanta post, No. 1, American Legion, Friday night.

The Atlanta post initiated the movement to enlarge hospital facilities here and enlisted the cooperation of all other veteran organizations and civic associations of Atlanta in pushing the measure through.

# McNARY-HAUGEN MEASURE FOR RELIEF OF FARMERS GIVEN SENATE APPROVAL

## H. DEAUTREMONT CORNERED AT LAST, ADMITS IDENTITY

One of Three Brothers Sought for Four Years For Mail Robbery Arrested in Manila.

Capture in Manila. P. I., of Hugh DeAutremont, one of three brothers sought by postoffice inspector, for four years on charges of dynamiting a mail car of the Southern Pacific railway near Siskiyou, Ore., and slaying the mail clerk and three trainmen, as announced Friday in a telegram received by Chief Postmaster Inspector G. B. Miller, Jr. Miller is at Atlanta for conferences with Inspector in Charge Joe P. Johnston, of the Atlanta division.

Arrested under the name of James Price, DeAutremont has admitted his identity, and will be returned to San Francisco on the transport T-mas, sailing February 16. Postal officers, never leaving the trail, followed the young bandit to the Philippine Islands.

Chief Inspector Miller expressed great satisfaction over the telegraphic report, as the arrest of Hugh DeAutremont gives the inspector service its first definite line on the three alleged criminals. The chief inspector left Friday afternoon for Washington.

News of the capture was conveyed to Chief Inspector Miller in a telegram from Acting Chief Mague, who advised him that Inspector Smith had cabled from Manila that he has arrested "James Price, who admits his identity to be Hugh DeAutremont."

The DeAutremont brothers, Hugh, Roy A. and Roy Charles, have been reported since in many parts of the world since the tragedy of October 11, 1923, but heretofore reports have been without foundation.

Rewards totaling \$15,000 were offered by the government, the express company and other authorities for the arrest and conviction of the trio, or a third for the arrest of any one of the three.

## DE AUTREMONT WANTED FOR ROBBERY, MURDER

Washington, February 11.—(AP)—The three DeAutremont brothers, of whom Hugh, 22 years old, was reported captured at Manila today, have been sought by United States postal inspectors and private detectives for more than three years. The other brothers, Ray and Roy, twins, aged 26, are still at large.

The search has been world-wide, the postoffice department having broadcast circulars giving minute descriptions of the men. From time to time reports of the capture of one or more of the brothers have come from various parts of the country but in each case the men detained proved not to be the bandits.

The crime charged against the DeAutremont brothers is that they blew up a Southern Pacific railway train on October 11, 1923, near Siskiyou, Ore., killing the mail clerk, whose body was burned, and shooting and killing three trainmen. The government claims it has conclusive evidence that the three brothers, who lived in Eugene, Ore., committed the crime.

Rewards, totaling \$15,000, were offered for their arrest.

# Women Help Defend Town In Nicaragua

Sixteen Are Wounded While Aiding Men in Fighting at Chinandega.

Managua, Nicaragua, February 11.—(AP)—A battalion of women, formed and led by a 20-year-old girl, assisted the conservative forces which recently recaptured the town of Chinandega from the liberal troops, thus restoring communications between Corinto and Managua.

Sixteen of the women were wounded, some seriously, while passing out ammunition to conservative soldiers in trenches, clothing guns and passing food. Natalie Garcia, of Managua, leader of the battalion, was shot through the left breast and is in a serious condition.

Horrible Scene Presented.

Chinandega presented a horrible picture when visited yesterday by a correspondent for the Associated Press, who traveled on one of the three troop trains which were sent to the town by the conservative government in order to consolidate its position there.

Twelve squares, chiefly in the business section, were flattened and smoke was still rising from the ruins. Bul-

# LUCKIE PROPOSED AS NEW BOULEVARD

Removal of Car Tracks Contemplated in General Improvement Plan for That Section.

Designation of Luckie street as a traffic boulevard, unencumbered by trolley tracks, loomed Friday when it was learned that officials of the Georgia Railway and Power company are seriously considering removal of tracks on Luckie street and establishing lines on Techwood drive in the contemplated plan to repave, regrade and widen Luckie street.

Fulton county commissioners have taken the position that if the city wants to improve Luckie street it should be freed of tracks and made a strictly motor vehicle boulevard reaching from the very heart of the city to the northern section of the county.

It is proposed to remove tracks on Luckie, reestablish them on Techwood drive and make Luckie a 50-foot street from Barlow to North avenue. Luckie connects with Hemphill avenue and extends through to the proposed site of the Peachtree Creek Battle Memorial park, and subdivisions in that section.

Councilman Harry York, of the sixth, also a member of the finance committee of city council, which set aside a fund of \$20,000 to begin work on Luckie in the January finance sheet, is negotiating with the power company in an effort to see if the company will agree to removal of tracks. While no definite announcement has been made, it is understood that the company looks favorably on such a move and will cooperate in making Luckie one of the main traffic arteries leading from the heart of Atlanta's business district to North avenue and Hemphill.

Edwin F. Johnson and Charles Turner, members of Fulton county commission, have expressed the desire to negotiate for removal of tracks before the county appropriates funds for the improvement. It is estimated that it will cost about \$250,000 to complete the project, and the county will be called upon to stand the lion's share of the expense. Mr. York stated that his conferences with power company officials have been "most encouraging" and that a definite announcement is expected within a few days.

He pointed out that no inconvenience would be worked on residents in that section of the city since there are car tracks on Marietta and there would be others on Techwood drive to serve residents of that section.

# Princess Fails in Effort To Obtain Carol's Return

"HE IS OUT OF MY LIFE," SAYS HELEN

Rome, February 11.—(Copyright, 1927, By United News).—Princess Helen's heart was broken by Carol's reported return to Mme. Lupescu, the blue-eyed commoner who has disrupted the course of the last Hohenzollern dynasty, and she never wants to see him again, the United News learned Friday.

The fury of a princess scorned—especially after she had made concessions hard for any woman to endure—may have an important bearing upon the destiny of Rumania.

Almost certainly her statements mean a last bitter disappointment for a dying king, Ferdinand, who wants to look once more upon his strong-headed but beloved son. No reconciliation between Helen and Carol means no deathbed visit, at least no visit unattended by the probabilities of civil strife.

Carol was to effect a reconciliation with his wife as the only means of

# FARM BLOC WINS AFTER HARD FIGHT BY 47 TO 39 VOTE

Charges of Socialistic Control and of Price Fixing Mark Battle Waged in Senate.

## \$250,000,000 VOTED FOR STABILIZATION

Measure Now Is Expected To Pass House Monday With Only Minor Amendments.

BY ALFRED P. RECK.

Washington, February 11.—(By United News).—Overriding bitter opposition and charges of socialistic control and price fixing, the powerful farm bloc forced the McNary-Haugen farm relief bill through the senate today.

The final vote stood 47 to 39. The bill seeks to aid farmers and stabilize agriculture commodities by the control of surpluses. To enable immediate operation of the measure an appropriation of \$250,000,000 is carried to be used as a revolving stabilization fund.

Measure Goes to House.

The measure is now up in the house and is expected to pass that body Monday with but few minor changes. Whether President Coolidge will veto it when it comes to him for his signature is uncertain.

It was a tight squeeze for victory in the senate and only last-minute concessions brought the bill in ahead of the fast-gaining opposition.

Faced at the start of the session with indifference on the part of many influential members of congress, farm relief seemed destined to be sidetracked. Then the farm bloc formed a coalition with an ancient enemy, the banking bloc, and obtained immediate recognition of the measure. Steam roller tactics were used to crush opposition and rush the bill through.

As amendments to the measure were offered at the set hour of 4 o'clock for voting, the farm bloc received or rejected them according to its wishes.

Extension of the equalization fee to hay, apples, potatoes and dairy products proposed by Senator Moses, New Hampshire, republican, was rejected without record vote.

In a similar manner the farm bloc kept its agreement and included tobacco as a basic agriculture commodity under an amendment offered by Senator McKellar, Tennessee, democrat.

McNary's amendment to provide insurance policies to protect cooperative agencies against losses was adopted by a 54 to 33 vote.

An attempt by Senator Walsh, Montana, democrat, to defer enforcement

**REAL CENSORSHIP  
FOR N. Y. DRAMA  
SEEN BY HOPKINS**

Palm Beach, Fla., February 11.—(AP) The New York stage is swiftly drifting toward strict censorship of plays, Arthur Hopkins, theatrical producer, wintering here, told the Palm Beach Times today, commenting on dispatches from New York detailing the wholesale arrests of actors and actresses playing in off-color productions.

"The censorship board established by the district attorney of New York has failed to accomplish its purpose—that of cleaning the stage of indecent filth," Mr. Hopkins said. "The only thing left for the reformer and officials to do is to form a real censorship board; one that will be empowered to take drastic action against palpably unpleasant and risqué productions which have been produced solely for the purpose of catering to the morose mind, and which have absolutely no artistic value."

Mr. Hopkins, who will be here for another month with Mrs. Hopkins, has been producing plays in New York since 1912, and in that time has given light to several notable successes. His greatest production was "The Jolt," starring John and Lionel Barrymore. Next in line was "What Price Glory," the war play produced several years ago.

the First Presbyterian church, gave a salute and repeated in unison the Boy Scout oath, then listened to an address by Rev. J. L. Scott, the subject of which was "The Four-Square Life."

**Embezzlement Charged.**  
Owensboro, Ky., February 11.—(AP) James Leeley, former custodian of the Owensboro Masonic temple, who admitted January 31, that he had taken approximately \$7,000 of the lodge building's funds during the past 20 years, was indicted today by the county grand jury on a charge of embezzlement.

**PAIR INDICTED  
FOR DEFRAUDING  
TENNESSEE BANK**

Memphis, Tenn., February 11.—(AP) Ray Cohen, formerly bookkeeper at the now closed American Savings Bank and Trust company, and J. N. Foote, a depositor, were today indicted by a Shelby county grand jury in connection with alleged speculations of the bank's funds, for which three other men previously had been indicted.

Cohen was charged in two indictments with making false entries and juggling an account in his books, while Foote was jointly indicted in a bill with Rush H. Parke, bookkeeper, on a charge of larceny growing out of an alleged overdraft in Foote's account.

Previously Clarke, J. T. Williams, also a former bookkeeper, and J. T. Fols, owner of a chain market system in this city, were indicted by the same grand jury on a total of 84 counts, said to have been the most sweeping true bills ever handed down in Shelby county.

Montgomery, Ala., February 11.—(United News.)—Alabama's senate has adopted the committee compromise on convict leasing, which provides that no convict shall be leased out for more work after June 30, 1928.

The bill passed this afternoon by a vote of 25 to 10.

Governor Graves is expected to sign the measure without hesitation. The bill was previously passed by the house.

## RAIL EXECUTIVE PLUNGES TO DEATH

San Francisco, February 11.—(AP)—Edward Chambers, 68, vice president of the Atchafalaya, Topeka and Santa Fe railway, and one of the best known railroad executives in the United States, jumped to his death from the fourth story window of a hospital

here early today. Hospital authorities said he apparently had been seized with temporary dementia. Funeral arrangements were being made tonight and it was believed burial would be in San Francisco where Mrs. Chambers is buried. No date for an inquest had been set. Surviving from a minor operation, Mr. Chambers became violent and drove her from the room. He locked the door and before hospital attendants could reach him smashed a window and plunged four stories to the ground. Miss Bonnie Boyle Yates, the nurse, said the veteran railroad man woke

from a peaceful sleep and without warning leaped from his bed and hurled a large flower pot at her. She escaped from the room only after she had been struck several blows. Chambers had been in the hospital 10 days. Starting his rail career as a freight handler in Pueblo, Colo., in 1878, Mr. Chambers rose to the position of director of traffic of the United States railroad administration during the war, and was in charge of all traffic operations of the Santa Fe as vice president of the road.

## SCORES OF CO-EDS IN CHICAGO SEE \$5,000 HOLDUP

Chicago, February 11.—Scores of co-eds and men students of the University of Chicago saw bandits kidnap two men in front of the new Medical College building and rob them of a \$5,000 payroll Friday. The victims—Edward McCullin, superintendent, and Carl Tucker, messenger for the Harold I. Sutton Construction company—were taken by the bandits in an automobile for three miles. The bandits escaped. McCullin and Tucker had just arrived at the college with pay for plasterers employed on the new building. As they started to enter, two men, one armed with a shotgun, leaped from a parked automobile and forced them into the car. They drove away with McCullin and Tucker and, after taking the money, pushed them out of the machine.

## RUM CASE DRAWS AID OF OFFICIALS

(By Leased Wire to The Constitution and The Chicago Tribune.)  
New York, February 11.—An official "high" in Washington was brought into the Eker rum case today by Federal Judge Meekins, who heard the case.

In committing to prison immediately three men to whom he had granted a stay of sentence after they had turned government witnesses, Judge Meekins said that their representative had gone to the capital and tried to retain "one of my best friends" to intercede for them when they came up for sentence. "I don't know how they knew this gentleman was my friend," he said. "It all shows how far the ramifications of this rum ring go. A high official came to me yesterday and pleaded for them. He talked to me personally in their behalf, and I have since learned that he had a fee from them in his pocket."

The trio comprised Cecil N. Kinder, his brother Charles, and DeWitt Turner, bootleggers, who testified in the trial which resulted in the conviction of Mayor Henry Wissel and Police Chief Dinan, of Edgewater, N. J., and others last week. Judge Meekins cancelled the bail of the three men and ordered them taken to the "Tomb" until they can be removed to the prisons designated in their sentences.

Assistant United States Attorney Stiehman protested. "Your purpose is to appeal to the president on behalf of these men," Judge Meekins said, "and they should be serving their sentences while the appeal is being made. I shall strongly represent to the president that in my opinion no clemency should be extended."

Stiehman had made a strong plea for leniency in behalf of the men because of their services to the prosecution of the other Eker conspirators, as government witnesses.

## Heir To Fortune In West Exhumed From Pauper Lot

Utica, N. Y., February 11.—(AP)—The body of Dr. George Hillegass, former member of the University of California faculty and heir to two fortunes totaling \$4,100,000, was on its way to the Pacific coast for burial today after being exhumed from a pauper's grave and identified.

He was from Berkeley, Cal.

## TALE OF STRANGE FATE IS REVEALED BY DEATH

Berkeley, Cal., February 11.—(AP)—A tale of the strange fate of a once famous scion of one of America's oldest families, came to light today in the dispatches from Utica, N. Y., reporting that the body of Dr. George Hillegass had been taken from a pauper's grave and was to be brought to the San Francisco bay region for final sepulchre.

Dr. Hillegass, one of the earliest settlers here, a graduate of the University of California, and distinguished in civic and medical life, dropped from sight in 1913. Old and broken and apparently penniless, he died a public charge in a Utica hospital in 1925, and was buried in a public cemetery after efforts to locate friends or relatives had failed.

An extensive search was made following the physician's disappearance in 1913, but proved unavailing. Then he appeared in Philadelphia in 1922 as a witness in probate proceedings of the estate of Madame Elmira A. Boulet, a relative. Dr. Hillegass was one of those mentioned in her will. The estate is a parcel of Oakland waterfront property which has since been seized by the government.

## HUMAN HEAD SEEN FLOATING IN RIVER

South Bend, Ind., February 11.—(AP)—The story of a schoolboy that he saw a human head floating in the St. Joe river last Sunday, and the discovery of two shallow holes in a marsh in which parts of a body may have been buried, were meager clues officers had tonight as they sought to learn more of the headless body of a woman found in a cove of the river yesterday.

Today's search of the river's banks above South Bend was fruitless except for the finding of the two places in a marsh which may have been used as graves. The theory is that the woman, who was about 30 years old, was killed following an attack and that her body was then cut in two at the fifth rib, and buried. That position of the body which was found—a part of the torso with legs broken at the hips, bent back to the thighs and tied with cord—probably was washed from its grave by high waters, officers suggest.

Until the head and shoulders are found identification will be impossible in the opinion of Dr. Carl Reisel, coroner. For that reason he is permitting no one to view the body. An inquest will be held Monday.

The autopsy already performed has revealed that one of the vital organs is missing and this has prevented physicians from determining whether the woman was to have become a mother.

Washington, February 11.—(AP)—Inquiry by its judiciary committee into charges against Federal Judge Cooper, of the northern New York district, alleging conspiracy with prohibition agents to entrap dry law violators, was ordered today by the house.

Without a record vote it adopted a resolution to give the committee authority to subpoena witnesses and take testimony under oath. The charges were brought by Representative LaGuardia, republican, New York. Chairman Abraham, who presented the resolution, said the committee in requesting this authority did not wish its actions construed as indicating any belief of guilt. He explained that several hearings had been held and that LaGuardia and Representative Cooper, democrat, New York, who also requested inquiry into the judge's conduct, both proposed to call additional witnesses, the committee felt it should have authority to administer oaths.

ONE SHARE TIFFANY'S  
OFFERED AT \$2,500

New York, February 11.—One share in Tiffany's, the famous Fifth avenue jewelry establishment, was offered on the unlisted stock market today at \$2,500. It is not expected to remain long without a buyer, for offerings of Tiffany stock are very rare. The market value of the Tiffany business is placed at \$50,000,000, based on a price of \$2,500 for each share. The 12,000 shares of no par value outstanding are the entire capitalization. Originally the stock had a par value of \$100.00. No earnings figures have been published for several years, but in 1922 profits were reported to be at the rate of about \$100 a share.

## Italian Embassy Attache Fights Police in Tampa

Tampa, Fla., February 11.—(AP)—Count Marcelli di Celleri, attache of the Italian embassy at Washington, was taken to police headquarters here today after an altercation with three policemen at the South Florida fair grounds, but was released a few minutes later after the local Italian consul had identified him.

Police Lieutenant John Carter, who investigated the occurrence, said Count di Celleri appeared at the fair grounds and offered a traveler's check in payment for admission. The clerk at the box office window summoned the police, who questioned the count and suggested that he accompany them to the police booth at the grounds in order to establish his identity. At this point, said Carter, Count di Celleri kicked one of the policemen and a free for all fight ensued in which the Italian nobleman was knocked down and suffered a black eye. He was then taken to police headquarters, where the local Italian consul identified him.

Lieutenant Carter told the consul he regretted the incident but saw no reason why he should censure the policeman. Count di Celleri said he would not make any representations to the embassy at Washington and would consider the matter closed if the officer who struck him would apologize. The count said he came here from Cuba, having included Tampa in the itinerary of a vacation trip. He expected to leave the city tonight.

Portland, Maine, February 11.—(AP)—Convicted of murder by a grand jury today, Benjamin H. Turner, of Mystic, Iowa, the conscientious objector to war and deserter, who came 3,000 miles from Mexico City to kill James D. Hallen, was sentenced to life imprisonment. In an anteroom soon afterward, he was heard to remark: "Well, this is another example of American justice."

His counsel was given time to file a bill of exceptions in the event it is decided to appeal to the law court. The jury was out just an hour.

Turner, whose trial began in superior court on Monday, admitted that he killed Hallen in the latter's summer home at Falmouth Foreside on September 8, last, after having "sentenced" him to death five years ago. Turner maintained he had a moral right to slay Hallen because Hallen, like a Mexican whom Turner had killed five years previously with the same pistol, had defrauded him out of a few hundred dollars. Hallen, he said, left him for two years in a Mexican prison penniless, almost friendless and alone.

On the stand, his cross-examination was concluded when he almost shouted, "I'd kill him a thousand times" when he was asked he would kill Hallen, right now, if he knew of no other crime he had committed.

He had just declared he did not think it possible to reach "those devils," referring to his dead victims, through the law.

The foreman of the jury was a woman, Miss Gladys Jordan, of Raymond, the first to serve in that capacity at a murder trial in New England, if not in the entire country. A married couple—Mr. and Mrs. Fred D. Haskell, of Windham—also served for the first time on a jury in this state.

RUDNER CHARGED  
WITH CONSPIRACY  
TO KILL MELLETT

Canton, Ohio, February 11.—(AP)—Further evidence intended to establish a plot between Patrick McDermott, convicted slayer of Don R. Mellett, Canton editor, and Ben Rudner, who the state charges hired McDermott to do the killing, was presented today in Rudner's trial for murder.

Steve Kaschok, the prosecution's ace witness, repeated the testimony he had given previously in McDermott's trial. He told of being asked to participate in a "job" at Canton, of going to Massillon, Rudner's home, and discussing the project there with McDermott and Rudner and of withdrawing when he found that a killing was contemplated.

Defense counsel assailed his story, subjecting him to a long and severe cross-examination but he left the stand without having changed the version he first related before McDermott was tried. He admitted today, however, that he had said nothing to the authorities until after a reward for Mellett's slayers had risen from \$5,000 to more than \$20,000. He held off, he declared, in order to get sufficient money to divorce his wife and marry the mother of his two nameless children.

PLANS TO RETIRE  
FROM STEEL POST  
DENIED BY GARY

New York, February 11.—(AP)—Elbert H. Gary, chairman of the United States Steel corporation, announced today that the question of his resignation had never been discussed or considered, setting at rest public rumors that he intended to retire this year.

Mr. Gary, in reading a statement to 50 newspapermen, denied to his office, said that such rumors should not be given credence unless they were verified. He explained that decisions on matters of such importance would rest with the board of trustees transmitted today by Governor John G. Richards. The governor, both as chief executive and as chairman of the board of trustees, concurred in the recommendation. The change was proposed in honor of Dr. D. B. Johnson who has been president of the college for women, now located at Rock Hill, since it was founded 40 years ago.

ROME BOY NAMED  
VICE CAMPUS LEADER

Athens, Ga., February 11.—(AP)—St. Smith Horton, Rome, has been elected vice-campus leader at the University of Georgia. This is a new office created by the student body. J. Curtis Ecker, of Augusta, is campus leader.

Dr. Johnson Honored.

## CHILEAN OPPOSES USELESS PARLEYS

Santiago, Chile, February 11.—(AP)—The policy of the new government headed by General Carlos Ibanez as premier is frankly opposed to continuation of "useless negotiations" for settlement of the Tacna-Arica problem as between Peru and Chile.

A spokesman said today the question had been prolonged uselessly by former Chilean cabinets due to these negotiations, but that the new government intended to adopt "an absolutely contrary policy."

When questioned concerning reports that Chile was likely to annex the disputed provinces, the minister of foreign affairs, Conrado Rios Gallardo, said there was no such intention, but he intimated hostility toward continuation of the present negotiations at Washington.

Ibanez, war minister in the previous cabinet, took office Wednesday after announcing that bolshevism, facilitated by a weak government, had carried the country to "deplorable extremes" and that young blood was necessary.

Twenty naval officers have resigned, following the example of Admiral Juan Schroeder, who retired as director general of the navy. The desire of the younger naval officers for a reorganization of the higher command is looked upon as one of the causes which led indirectly to the ministerial crisis.

### PRESIDENT SEES SUCCESS FOR PLAN

a direct relation to the land and air armament questions.

Pending word from some official quarter as to how the four other Washington treaty powers may react to the American suggestion, made public yesterday, officials here declined to comment upon the first reports of editorial reception of the plan in London, Paris, Rome or Tokyo. There seems little doubt, however, that official attention is focused particularly upon Paris, as the point from which a final answer must come if the treaty is to be extended as President Coolidge has suggested.

### French Viewpoint.

Heretofore the French delegates at the Geneva conference have consistently maintained that disarmament programs could be based only upon formulas so complete as to include both land, air and sea forces and that even such questions as protection, man power and economic resources of each country must be considered in their relation to armament questions.

Unless the French government is willing now to undertake the more limited negotiation—President Coolidge has suggested, modifying the position its delegates maintained at Geneva to that extent, admitting no supplemental five-power conference to fix tonnage limits for auxiliary naval craft would be possible.

There was much speculation in Washington today as to what course the administration might follow if the suggested five-power conference proved impossible of realization. It was recalled that the informal suggestion from Japanese sources made at Geneva at the opening of the preparatory conference, contemplated a three-power supplemental agreement to limit tonnage on a 5-3-3 ratio in cruisers at least between Great Britain, the United States and Japan.

### EXCHANGE OF VIEWS IS EXPECTED.

Rome, February 11.—(AP)—It is understood in political circles that an exchange of views on President Coolidge's naval armament proposals will be sought by Italy with England and France and probably Japan.

Premier Mussolini is said to have discussed the president's memorandum at length with Marshal Badoglio, chief of staff of Italy's entire armed forces, naval, military and aerial.

The general opinion continues to prevail that Italy will agree to join in a discussion of further naval limitations, with some reservations, among them an insistence upon confirmation of the principle, sanctioned at the

of Woodrow Wilson post No. 1, the local organization of the veterans; William T. Tate, golden rooster of the Trench Rats; James K. Finch, assistant service director of the state service bureau; Major Asa Warren Chandler, commander of Atlanta post No. 1 of the American Legion, and Harry Wallerstein, chief de guerre of the Forty and Eight, American Legion.

Mme. Schumann-Heink comes here to sing her farewell concert next Wednesday evening in the Auditorium under the auspices of the Atlanta Symphony association, which hopes to relieve a deficit with the receipts of the famous contralto's last local public appearance.

The sale of seats for the concert will be opened this morning at Phillips & Crew Piano company and advance interest indicates that brisk activity will feature the opening. Many advance reservations have been made by mail. Mrs. George Walker, secretary of the association, said yesterday. Only a few boxes remain and a large portion of the balcony has been sold to students.

### WASHINGTON CONFERENCE, OF AN EQUAL RATIO OF STRENGTH BETWEEN THE ITALIAN AND FRENCH NAVIES.

REPLY SOON  
TO BE SENT.

Tokio, February 11.—(AP)—Rengo, the Japanese news agency, learned officially today that the Japanese government already has decided to accept the proposal of President Coolidge suggesting a new conference for the reduction of naval armament, and it is expected a reply to the president's message will be forwarded to Washington soon.

It was understood that Japan is basing its acceptance on three premises: first, that Foreign Minister Shidehara had expressed to the diet Japan's intention of furthering additional equitable disarmament in every way possible; second, Japan's financial and economic condition makes further disarmament most welcome as a relief from tax burdens, and third, Japan feels her international responsibilities make her whole-hearted cooperation with other powers for armament reduction.

### GERMANY INTERESTED IN COOLIDGE PROPOSAL.

Berlin, February 11.—(AP)—President Coolidge is justified in losing faith in the Geneva disarmament conference, Dr. Wilhelm Cuno, former chancellor, told the Associated Press today. Dr. Cuno, who is director of the Hamburg-American Steamship line and is in close touch with the German admiralty, which is believed to share his views, declared the Geneva conference, despite its duration and strenuous efforts, had failed to achieve practical results.

"Although the Coolidge memorandum does not include an invitation to Germany to participate in the new disarmament conference," said Dr. Cuno, "Germany's maritime interests and her extraordinary dependence on the seas are such that anything concerning redistribution of maritime powers evokes her greatest interest."

### ENGLISH ATTITUDE COOLIDGE PERCEPTIBLE.

BY CHARLES M. MCANN.

London, February 11.—(United News.)—Britain's attitude toward President Coolidge's proposals for further limitation of naval armament cooled perceptibly Friday but was set by a belated display of enthusiasm from Geneva, where the slow reaction of the League of Nations sentiment was crystallizing in an encouraging manner.

The late in the British applause is a practical one. Having recorded the American note a friendly reception, political and naval experts have begun a serious study to determine the probable effect of the proposed conference upon England's interests. Great Britain's real attitude will emerge from these studies.

### No Reply for Week.

A reply to United States is hardly probable for at least a week. England will undoubtedly study the proposals with an eye to France and

## INHERITANCE TAX DECLARED MENACE TO STATE RIGHTS

Madison, Wis., February 11.—(AP)—Senator O. H. Morris, Milwaukee, introduced a joint resolution in the Wisconsin senate today which would petition congress to repeal the federal inheritance tax provisions as a menace to state rights.

"The only object of the federal provisions is to persuade the states to abandon their own inheritance tax laws in favor of those approved in congress in 1926," the resolution reads. "Furthermore, the joint levy is offensive to the legislatures of the sovereign states."

of Atlanta, near Vinings, for which land was purchased and a dam built for a lake by the late Albert S. Adams and a few men interested in boys' work. The entire fund is necessary to complete the camp.

The American Legion's \$500 subscription was voted at the regular meeting of Atlanta Post No. 1 in the chamber of commerce Friday night.

"The ideals of the Boy Scout movement to perpetuate the ideals of democracy, liberty and service are identical with the ideals of the American Legion," Major Asa Warren Chandler, commander of the post, asserted in supporting the motion to make the appropriation.

### Lauds Principles.

"The Boy Scout movement is tending to make living the ideal of the principle of democracy for which members of the American Legion risked their lives in the world war," he said.

"Counting out all the benefits of the movement to the individual boys in it and disregarding all the practical service which the Boy Scout organization renders, the principles of the organization are such as to command the respect and support of every 100-per-cent American and the American Legion is behind it to a man. We want to help in every way to make the movement so attractive that it will enlist every boy in Atlanta and America. This scout camp will help and we are for it."

The post also set in motion plans to organize an American Legion band in Atlanta, composed exclusively of legionnaires.

An eye to the possible effect of a further naval conference before a general conference including land and air disarmament.

British authorities said frankly Friday that a naval conference would have a better chance of success at Geneva than elsewhere. But, while commending the diplomacy of the choice of site, they reserved opinion as to whether the Coolidge move would help or hurt the pending general conference.

### ATTITUDE OF LEAGUE BECOMES FRIENDLY.

Geneva, February 11.—(United News.)—The attitude of League of Nations headquarters toward President Coolidge's proposals for further limitations of naval armaments became increasingly friendly with further study.

Coolidge's action, league spokesmen said, transformed the meeting of the league's preparatory disarmament commission into a plebiscite on the Coolidge plan. The meeting is scheduled for March, and it was predicted it would last two months.

### FRENCH CABINET WILL DISCUSS COOLIDGE PLAN.

Paris, February 11.—(AP)—President Coolidge's new naval disarmament proposal will be discussed by the French cabinet at its regular weekly meeting tomorrow, after which the first official comment may be forthcoming. Thus far the only comment in authorized quarters is that the American plan is now understood, runs counter to the program of the French government.

The best informed newspaper comment indicates that the decision of the government will be either frankly unfavorable or will be surrounded with so many precautionary conditions as hardly to fit in with the scheme outlined in President Coolidge's memorandum.

## Provisions of Farm Relief Measure Passed by Senate

Washington, February 11.—(United News.)—Major provision of the McNary-Haugen farm relief bill passed by the senate late today are: 1. Establishment of a federal farm board of 12 members, one from each land bank district, to carry out provisions of the act. 2. Appointment of non-salaried advisory council for each of the six basic agriculture commodities. 3. Establishment of wheat, corn, cotton, rice, swine and tobacco as basic agriculture commodities. 4. Creation of a revolving stabilization fund of \$250,000,000. 5. Collection of a small equalization fee during the course of marketing to finance disposal of surplus basic commodities. 6. Extension of four per cent loans for stabilizing agriculture commodities not listed as basic.

Chief arguments in favor of the bill were made as follows: 1. Allows producers of farm crops to influence their markets as effectively as other industrial groups. 2. Affords to all the advantages of orderly marketing through the control of surplus. 3. Secures a protected market for producers of such crops as wheat, rice and pork, of which but a small portion enters world trade. 4. Enables producers of meat animals to maintain a stable level. 5. Promotes cooperative associations.

Major arguments sounded against the bill were: 1. It proposes to handle the surplus by increasing its volume, instead of either reducing production or increasing consumption. 2. It ignores the consuming public. 3. It proposes that the government shall handle a surplus ranging beyond \$1,500,000,000 annually with guarantees against losses. 4. It is a price fixing scheme. 5. The equalization fee is unconstitutional. 6. It will injure the industry of animal husbandry. 7. It establishes a state of socialistic control.

Other than the burning area, the entrenchments and barbed wire entanglements around the defending area, there was little evidence of vandalism by either side. The bodies of several score men were buried in the trenches in which they had fallen. Although the conservatives do not expect another attack on Chinanga, they are rushing additional forces to the town and to other areas which may be threatened, while a strong force is being sent to Matagalpa, near where a liberal army is reported approaching.

### FARM RELIEF BILL PASSED BY SENATE

Continued from First Page.

ment of the equalization fee for two years was defeated, 35 to 52.

An amendment offered by Senator Harrison, Mississippi, democrat, to defer collection of equalization fees on cotton for two years was defeated 17 to 60.

The equalization fee could be rejected by a majority vote of farm cooperative organizations in any state under an amendment offered by Senator Simmons, North Carolina, democrat, and adopted, 58 to 28.

An attempt to substitute the Curtis-Crisp farm bill, reported to have been drafted by Secretary of Agriculture Jardine, who opposed the equalization fee system, was defeated, 32 to 54.

Prominent republicans and democrats alike joined in the final attack on the farm relief measure.

Senator Fess, Ohio, republican, who has been most bitter in his opposition, declared that it would establish "socialistic control, whereby a small minority becomes the dictator."

"It is indefensible as a government price-fixing scheme," Fess told the senate today, "under the provisions of the bill, the government enters into an agreement with packers and millers, as permitted, and does not set the prices, then the packers and millers can name the price as all losses are guaranteed them under the bill."

### Coalition Scored.

Coalition of bloc interests to force the measure through was scored by the Ohio senator as placing members' votes on the open market and reducing legislation to its worst state.

"If this bill becomes a law," Fess declared, "the courts will certainly pronounce it void."

Senator Jim Reed, Missouri, democrat, was vehement in his attack, terming the bill as infamous and tyrannical.

"When the government can take away part of the produce of a farmer as provided by this measure," Reed said, "when it can take away the fruits of a man's toil, then you have absolute slavery."

Use of the McNary-Haugen bill a farmer produces his crop and takes it to market but he can't sell it as a free agent, the Missourian charged.

Senator Howell, Nebraska, republican, in the final debates in favor of the bill, declared that surplus control was the protection that the farmer needs.

"The Steel corporation arbitrarily sets the price it is to obtain for its products," Howell said, "the tariff protects it. It is time he should be receiving some."

Under the provisions of the bill a federal farm board of 12 men, one from each land-bank district, is to be appointed by the president for six-year terms. Nominations for the board are to be submitted to the president by farm and cooperative associations in each district.

### Council To Be Named.

The board then appoints a non-salaried advisory council for each of the six basic agriculture commodities, wheat, cotton, corn, rice, swine and tobacco, to represent producers.

Definite powers are granted the board to assist all agriculture, whether listed as a basic commodity or not.

The board, itself, can neither buy nor sell but it is to assist co-operatives or other agencies to do the buying, storing and selling necessary to stabilize the market.

With this authority, the board and farm organizations can take definite steps to preserve market stability in the face of a surplus. Crops can be purchased at a fair price, stored for later resale or shipped to export.

To make this operation possible the measure permits collection of an equalization fee at some point in the marketing to build up a common fund for each commodity.

In order to start the machinery operating a revolving fund of \$250,000,000 is advanced by the government. This is intended to be returned to the treasury as the equalization fee collections are established.

lot holes were in almost every house and shell fragments were scattered throughout the streets. Dozens of dead were piled here and there. Buzzards hovered overhead. The water supply was still cut off, and that available was unhealthful. Virtually no food and no medicine remained in the town except what was hurried from Managua and Corinto.

A few liberals barricaded in their homes kept up a desultory fire and shooting from the outskirts of the town continued at night. Ninety families were without homes.

### 425 Men Killed.

The conservative commander estimated that the conservatives lost 250 men and the liberals 175. The difference was due, he said, to the fact that early in the fight the liberals had a heavy preponderance of machine guns. Approximately 400 wounded were taken to hospitals in Corinto, Leon and Managua. Forty of these were transported yesterday to Corinto where they were placed in United States emergency hospitals.

General Bartholome Viquez, who commanded a force of 300 soldiers which originally defended Chinanga against the liberals, said that he spent 50 hours, without food and drink, barricaded in Calvary church, when the liberals first raised the Chinanga flag. A majority of his men had been killed or wounded and his position seemed hopeless when General Aguirre

## Tense nerves and cross-patch tempers

SHE knew people were beginning to notice how irritable she was—but she simply couldn't help it. . . . How could she be gay when throbbing eyes and endless headaches made up her day? How could she smile and laugh when jumping nerves and aching muscles tortured even her sleep? Why, she hadn't been herself for months!

What a vicious thing constipation is! Thief of health, robber of happiness—the cause of untold suffering and disease! It wrecks vitality. It saps beauty. It fills the brightest heart with despair. What a blessing that there is a safe relief from this curse! Kellogg's ALL-BRAN is guaranteed to relieve constipation—pleasantly, permanently. More—to prevent it.

Why ALL-BRAN is far better than part-bran

The "bulk" in ALL-BRAN absorbs a great deal of moisture which it carries through the digestive system. At the same time it gently distends the intestines—cleansing, purifying, removing

poisons and wastes. Being 100% bran, ALL-BRAN accomplishes 100% results. How different from part-bran products, which contain so little bulk that effective results are seldom possible! That is why doctors recommend ALL-BRAN.

Don't trust habit-forming pills!

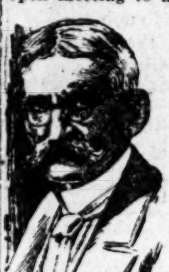

And contrast healthful ALL-BRAN with dangerous pills and drugs—which become useless unless the dose is constantly increased. This sometimes causing serious injury! ALL-BRAN is delicious with milk or cream. Let it soak a few moments in the milk to bring out its nut-like flavor. Add fruits or honey for an extra treat. Sprinkle ALL-BRAN in soups. Try the recipes on every package.

Don't take chances with a part-bran substitute. At best, it can only be partially effective. Insist on genuine Kellogg's—the original ALL-BRAN. Sold by all grocers. Served in diners, hotels, restaurants. Made by Kellogg in Battle Creek.

Kellogg's  
ALL-BRAN

Paris of today is his justification and the newly opened boulevard the link of his system. But there was no man of his time more vilified by his contemporaries. What Victor Hugo said of Haussmann's master, Napoleon III, is tame stuff compared to what the Paris papers called "the Baron."

## Golf in Morocco.

You will have to hurry if you hope to find in Morocco the primitive character and patriarchal civilization which it still possessed a few years ago. The motor roads, of which there now has a complete system, are be-

ter than those of France—which, since the war, however, is not saying much—it must be admitted. It is also hard to work to catch up with Europe by other ways. For instance, a pashalik descendant of the prophet, Ali M. Karchek, has laid out a golf course, which he hopes will attract foreign tourists. To lend a little color to his announcement in his publicity matter that he will play a round on the course each day with his whole royal suite.

# Tech Ekes Out 38-37 Win Over Green Wave of Tulane

## George's Free Shots Give Jackets Victory In Closing Moments

Golden Whirlwind Will Meet Plainmen in Auburn Tonight, Ending Three-Game Series on Road—Road Average Now Even.

New Orleans, La., February 11.—(Special.)—Georgia Tech managed to keep its head above the Tulane Green Wave here tonight, and eked out a 38 to 37 victory over the Greens in one of the best games played in New Orleans this season.

New Orleans this season. Hearn, the Jackets' elongated center, proved to be an obstacle which Tulane could not always overcome. Hearn was the pivot about which the Jackets' passing attack centered, and led them in piercing the Greens' defense.

Player, forward, was high point on Tech, his total for the night amounting to 15. He played a dazzling time at the forward position, and it was some good floorwork.

The teams ended the first half deadlocked at 18-all, and came near ending the game in a tie. The last minutes of play, a Tulane player fouled Tech's George, speedily ejected, leaving him two free tries at the basket.

Tech was one point behind, and George made both free chunks good. The game ended, 38 to 37, in favor of Tech.

Tech did not quite come up to the expectations caused by its impressive reference record, but Tulane played better than it has for the most of the season, and pushed the Jackets hard throughout the game.

The visitors jumped into the lead at the beginning of the game, and led for the first 10 minutes. After that the homeboys staged a whirlwind attack and succeeded in tying the score before the first period ended.

In the second half, both teams were playing at even brunt yet but and battled along merrily with never more than four points difference.

The Tech squad will leave here Saturday morning for Auburn, bound, stopping over at Auburn long enough to argue with the Tiger for awhile.

## May Return

Dick Florid, moundsman de luxe, who was lost to the Tech baseball squad Friday morning when fired from school for delinquency in his studies, probably will be reinstated, it was learned Thursday night.

Florid is working on the studies in which he flunked and is expected to be brought back into the fold by Monday, is the general opinion at Tech. Dick was one of Kid Clay's best flingers in his last season's diamond campaign, and was expected to climb the hill quite a number of times this year.

## PARK STREET FIVE BEATS ST. PAUL BOYS

Park street defeated the St. Paul boys team, 24 to 18 in one of the best games played in the Epworth league at Wesley Memorial court Friday night.

In the other games, St. Paul girls ran away with Grant Park girls, 20 to 2, and the Grace girls defeated the Calvary girls, 21 to 16, in a hard fought game.

Park street was augmented greatly by the addition of two prep league players. A recent ruling forbade prep players playing on any other team beside their school's. The season being over the preps are now returning to their own teams.

McHenry, U. S. B. center, played a great game for the Park streeters. Chilton, with nine points, was high for the losers.

Rowland, Grace girls' substitute, proved to be the best player for her team and shot a total of 10 points, which greatly aided the Grace girls in their victory.

Alsobrook was high for the losing team, also shooting 10 points.

Grant Park girls offered little opposition to the St. Paul girls, who quickly ran up a big lead and held it. Miss Stone starred for the winners, with 13 points.

## LAWK-EYE-ING SPORTS

BY DICK HAWKINS

### Tragedy and Comedy

There are three items of news in the wire copy today which arouse one to laughter or sorrow, depending upon which item one happens to read.

The story which gives rise to a feeling of regret, even though there is no element of personal contact in the thing, is the tale of the death of a basketball player in New Jersey. The player died as the result of a blow in the face delivered by an opponent in a fit of anger.

Strangely, most of the regret we feel is for the man who delivered the blow. The parents and relatives of the slain youth must suffer all the sorrow which attends such a bereavement but the youth who lost his temper faces a life of ruin whether he suffers legally from the act or not. It should be a lesson to athletes. Temper and athletics do not mix.

### Seven League Driver.

One of the big laughs in the news comes in the form of a news item from Mobile announcing that Doe Graham, aspirant for movie fame, will drive a golf ball from Mobile to Los Angeles. No, not one drive but several hundred thousand drives according to the figures of this gentleman.

It is a laugh and yet there is one thing of interest in the proposition. It is the honesty of the young man. He frankly admits that he is aspiring to movie fame and he thinks the best way to get in the cinema whirl is to do something which will bring him a grist of publicity.

Most of the publicity seekers cover their efforts with a cloak of charity, human service or whatnot but here is a case of a publicity seeker admitting that such is his sole aim and intention. It is a glorious example of honesty such as Diogenes would have been glad to find.

### Gene Communes With Music.

The other joke takes the shape of an announcement that Gene Tunney, the gentleman with the rare combination of brains and brawn, has missed his engagement at a vaudeville house because he chose to sit in on a symphony orchestra concert.

Isn't it refreshing to contemplate such a thing? The world's heavyweight slugging champion missing his act in vaudeville just to satisfy his finer self by courting the muse of music and rhythm. Extraordinary if true, might be the verdict of any person who is not inclined to believe all he reads in the paper. Perish the thought.

## Athletic Club Five Will Meet Bulldogs In Atlanta Tonight

Georgia Basketeers Go Through Light Workout Preparatory to Trip to Atlanta Today—Club Forward Combination in Slump.

The second stanza of the home and home series involving the Bulldogs of the University of Georgia and the Atlanta Athletic club will be perpetrated on the Athletic club court tonight when the locals will seek to avenge their 30-28 defeat at the hands of the Bulldogs five in Athens Wednesday night. The contest will begin at 8:30 o'clock.

The locals should win, seeing as how they enjoy the mythical 10-point advantage accorded a team playing in its own domain, but judging from the past two performances of the Bear boys anything is liable to happen.

Something seems to have happened to the Bear machine, and to all intents and purposes the forward combination that will bring a victory to Joe Bean is lacking. The club guarding is good, a better exhibition than Rufus Bass and Latimer put up against Georgia Tech last Saturday night is rare, indeed.

**Snag at Center.**  
But it seems that no matter how hard the guards work, once the ball is advanced to the center of the court by the A's the advance seems to strike a snag.

Remember the first of the present season how the individualism of the Bear machine stood out. That forward combination of Stephens, Brewer and Kelly, seemed to be looking to individual glory rather than team points.

Then they changed, began passing the ball, and right there is where they reached the zenith of their season's performance. A better passing, more accurate shooting, in fact, an all-around superior team to the Atlanta Athletic club at night it beat the local Y. M. C. A., could hardly be found.

**Inaccuracy.**  
Pat Stephens, Joe Bennett and Brewer continued their passing, but something happened to their shooting ability. In the last two games Stephens has been completely coldly stopped. Imagine Pat Stephens, he of the 22-24-26-point game reputation getting only 5 points in a basketball game! That is what Georgia and Captain Walter Forbes did for him, and as a basketball outfit Georgia has not made a whale of a splash this season at all.

But the passing work and they have been passing a plenty, has hurt the individualism of these three stars. But then the Y. M. C. A. game would naturally have to be discounted in a supposition like that, for in that game they both passed and shot and each department was superb.

Or perhaps the boys have just gone stale. But that is hardly likely. All of which leaves a problem without a handy solution, for the probability that the Bear forward wall has become indurated is certainly not to be considered.

**BULLDOGS THROUGH LIGHT WORKOUT.**  
Athens, Ga., February 11.—The Georgia Bulldogs skipped through a light workout here Friday afternoon in final preparation for their return battle in Atlanta Saturday night with the Atlanta Athletic club.

Practice on shooting foul goals, and a scrimmage with the freshmen were the features of the afternoon. The varsity worked offensively all the time, with the yearlings on the defense.

The team will either motor to Atlanta Saturday at noon, or will journey on the Seaboard, leaving Athens at 2:45 o'clock. Their plans were uncertain Friday night.

The team is apparently none the worse for their victorious game here Wednesday with the same A. C. C. except for the fact that "Slim" Drew, center, is suffering from a cut lip that put him temporarily out of the game and which later necessitated several stitches. He was not used in

## Bobby Off

Sarasota, Fla., February 11.—(P)—Bobby Jones, premier golfer and holder of the American and British open titles, will arrive here tomorrow to assist Sunday in the dedication of the city's new 18-hole golf course, which will be known as the "Bobby Jones course."

Watts Jones, Jones' partner in many a golf campaign, will be the Atlanta's opponent in a match to be played over the course Sunday afternoon. The match will start at 1:30 o'clock and preparations have been made to accommodate a large gallery. Jones and Gunn will be guests of honor at a banquet Saturday night.

## ROSENBERG AND GRAHAM SUSPENDED

New York, February 11.—In a sweeping decision, amidst threats of violence and lawsuits, the New York state athletic commission today suspended Charley (Phil) Rosenberg and Bushy Graham for one year, revoked the licenses of their managers, Harry Segal and Billy Parr, and indefinitely suspended Jess McMahon, matchmaker of Madison Square Garden.

Tex Rickard himself was reprimanded.

That was the punishment inflicted upon those allegedly concerned in framing a double contract for the recent Rosenberg-Graham fight, originally planned as a contest for the bantam championship. According to Graham, he signed two contracts, one calling for him to receive 12-1/2 per cent of the receipts, the percentage awarded by law to the challenger in a championship fight, and another agreeing to accept only five per cent, turning over the balance to Rosenberg.

Although such a secret agreement is nothing new to boxing, and has, in fact, been the practice on the occasion of numerous championship fights, the state athletic commission not only inflicted severe penalties upon all concerned but withheld a check made out to the order of Harry Segal, Rosenberg's manager, and ordered Jess McMahon to pay Graham the additional 7-1/2 per cent which the Utica boxer had signed away before the match.

Segal's attorney announced that suit would be brought, holding the boxing commission responsible for the money which its ruling returned to Graham.

Charley Rosenberg protested that he knew nothing about the secret agreement, and was told to come back and plead his case next Tuesday.

Hot Springs, Ark., February 11.—(P)—Bobby Cruickshank, little professional of the Progress Country club, Purchase, N. Y., added his third win to the list of his season today by winning the south-central open tournament with a score of 206 for the 72 holes.

Cruickshank, playing a sterling brand of golf through rain and mud, led the field by four strokes. Frank Walsh, Appleton, Wis., professional, was runner-up, with four nationally known professional players tied for the next four places.

Joe Turnesa, Elmsford, N. Y.; Al Watrous, Grand Rapids, Mich.; Tom Kerrigan, Mount Vernon, N. Y., and Cyril Walker, each turned in 301 and divided the pooled third, fourth, fifth and sixth place money evenly.

Joe Kirkwood, trick shot marvel, and Billy Creavey, Larchmont, N. Y., were tied for seventh place with 302 strokes each.

John W. Dawson, with 314, led the amateur field and was awarded a gold watch as prize.

# Tech High Parents Rap Proposal To Shorten Present School Year

**Tech High P. T. A. Goes on Record Against Consolidation With Boys' High in Resolutions.**

A resolution criticizing the board of education for taking into consideration any reduction of the present school year was unanimously adopted Friday night by the parents' section of the Tech High Parent-Teacher association, together with a resolution by the association as a whole putting themselves on record as opposing any move by school authorities toward the consolidation of Tech and Boys' High schools.

Concerning the proposed consolidation the resolution pointed out that since Atlanta is fast becoming an industrial center demanding the best of technical talent for her development, and since late considerations in other cities have resulted in the detriment of technical departments, the resolution asks that no consolidation move be made by the board without first giving the association a fair hearing.

With regard to proposed shortening of the school year as suggested by the school board, the parents' section of the association went on record as strongly opposing any haphazard plan that may be advanced to save expense by placing the burden on public school teachers, pointing out that since they must, in order to make a living wage, supplement their salaries with vacation work these periods should come at the regular times.

Mrs. J. C. Mellichamp, president of the Tech High Parent-Teacher association, presided.

## MACON MAN HEADS RAILROAD SURGEONS

Dr. Harry Moses, of Macon, was elected president, and Dr. Eugene Callaway, of Selma, Ala., vice president of the Surgical Association of the Atlanta and West Point, the Western Railway of Alabama, the Georgia Railroad, and the Elberton & Eastern railroad, Wednesday at the seventh annual convention of the association, at the Henry Grady hotel.

Dr. J. R. Garner, of Atlanta, chief surgeon and chairman; Dr. George E. Blue, of Montgomery, Ala.; Dr. Callaway, of Alabama; Dr. Enoch Callaway, of LaGrange, Ga.; Dr. William Jones, of Atlanta; and Dr. Hugh M. Loke, of Atlanta, Dr. Thomas R. Dr. George E. Blue, of Montgomery, retiring president of the association, was in the chair at the meeting Wednesday, and more than 75 physicians of prominence were in attendance. A business session in the morning was followed by a luncheon, given the visiting members by Dr. J. R. Garner, chief surgeon, and election of officers took place amid a series of interesting talks and discussion in the afternoon session.

Among those who spoke and took part in the discussions were Dr. Blue, Dr. William C. Campbell, of Memphis; Dr. S. R. Benedict, chief surgeon of the Alabama Power company; Dr. Garner, F. R. Yarbrough, chief law and special agent, Atlanta; Dr. Lawson Thornton, Atlanta; Dr. Coby Swanson, Atlanta; Dr. Glenville Giddens, Atlanta; and Dr. H. M. Michel, Augusta.

## U.D.C. Reception Honors Mrs. High, Giver of Statue

With an elaborate reception Friday afternoon, the Atlanta chapter of the United Daughters of the Confederacy, entertained over 200 prominent women of the city at their chapter house on Juniper street in honor of Mrs. Joseph Madison High.

Featuring the gathering was the presentation of a loving cup to Mrs. High in behalf of the Atlanta chapter by Mrs. J. P. Womble, a lifelong friend, who supplemented her address with an original poem dedicated to Mrs. High, together with a parchment

# Mexican Picks Georgia Tech For Electrical Engineering

**Delgado, New Student, Welcomes Miguel A. Delgado, New Student, to the Classes of the Mexico City University.**

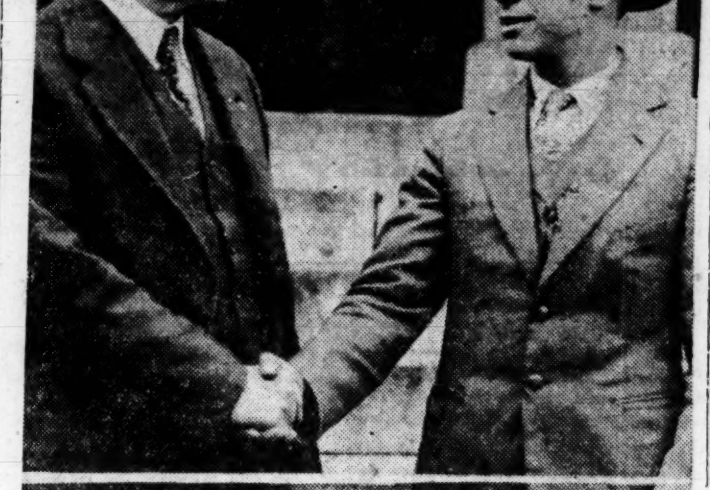

Photo by Francis E. Price, Staff Photographer.

Dr. M. L. Brittain, president of Georgia Tech, welcomes Miguel A. Delgado, new student, who came here from Mexico because of the unsettled conditions threatening the classes of the Mexico City university.

The Georgia School of Technology is recognized throughout Mexico as one of the best institutions of mechanical and electrical training in the United States, declared Miguel A. Delgado, 19, son of a prominent merchant of San Luis Potosi, Mexico, Friday, when he registered at Tech for a course in electrical engineering.

When internal strife became so hot as to threaten the schooling of students in the Mexico City university, young Delgado was sent by his parents to Atlanta to enter Tech so that he might continue his studies in an atmosphere of peace and quietness.

His family at first preferred the institution at Cambridge, Mass., but Tech's high rating and its nearness to Mexico influenced the selection of the local college, he said.

Business conditions are at a loss in Mexico due to the troubles of that land, and his father is planning to move the family to California, young Delgado said. In Mexico City the orchestra accompanying Mr. Hodgson, the famous pianist who is guest artist for this occasion, plays Liszt's "Hungarian Fantasia," with the orchestra accompanying Mr. Hodgson, the premier pianist of the south, appears only rarely in concert, but when he does it is invariably an event of primary significance with music lovers.

After the number with the orchestra, Mr. Hodgson will play another group, including Chopin's "Etude in A-Flat" and "Immerse Waltz," and Godard's "En Courant."

The orchestra will open its program with the favorite orchestral composition of the concert, the "En Courant" overture. This is selected not only because of its extreme beauty, but as a special recognition of the Beethoven centenary, which occurs this year.

The orchestra will also play Rubinstein's "Kamman-Ostrow," and the "Ruy Blas," overture by Mendelssohn. Seats for the reserved sections for this Sunday afternoon concert are on sale all day today at Phillips and Crew Piano company, 181 Peachtree street. In accordance with Sunday observance laws, no seats can be sold on the day of performance.

Two sessions, at 3 and 7:30 o'clock today, will bring to a close the interdenominational conference of young people on the theme of "Right Relationships," held at Grace Methodist church Friday and Saturday for De Kalb and northeast Atlanta churches, the theme of the final meeting being "Right Relationship in Sex."

The conference, promoted annually by the Sunday schools of the city, invites young people of all churches to meet for discussion and advancement of Sunday school, B. Y. P. U., Epworth League, Christian Endeavor and other work of the junior organizations of these churches.

A "sweetheart banquet," in honor of the approaching Valentine day, and to typify the spirit of the mixed meetings, opened the conference Friday night, and was followed by a session on the theme of right relationship with the church, the home, and with civil affairs. Speakers on these subjects included R. D. Way, professor Hugh H. Harris, Gordon Singleton, and others.

Committees in charge of arrangements for the conference were headed by Ben Peacock, of the First Baptist church, general chairman and presiding officer of the meetings; Kathleen Jackson, chairman of the social committee; and Francis Duke, chairman and toastmaster of the banquet; Dorothy Thompson, of program; Leon Hall, badges; Mary Hall, reception; A. D. Honesty, secretary; Mary Power, music; Mary Ruth Moore, publicity; Robert Shivers, registration; and Edith Blanton, secretary.

## INGRAM SLAYER SUSPECT JAILED

Continued from First Page.

Police Officer T. J. Smith, and De Kalb County Officer H. L. Holcomb, the bodies of Mrs. Ingram and her boy were found in the home at 357 North Ashby street, on the morning of February 4, by Barney Ingram, husband and father of the victims. The skull of Mrs. Ingram had been crushed with a blunt instrument and the baby had apparently been choked to death with bed clothing.

Lee Hammond, a brother of the man now in custody, was held for questioning following discovery of the murder but was later released.

Columbia, S. C., February 11.—(AP) An appeal to the legislature to better conditions at the state penitentiary was read in the house today in the form of a communication from the Georgia Federation of Business and Professional Women. The letter was addressed to Representative W. H. Keith, of Greenville, chairman of the committee on the penitentiary and told of an inspection made by a special committee of the federation recently. "The fire hazard is such that no civilized state has the right to incarcerate human beings under these conditions," the report stated.

# CANTONESE MEET SEVERE REVERSES

London, February 11.—(AP) A dispatch to the Exchange Telegraph company from Shanghai says the Cantonese troops are meeting with severe reverses before the renewed drive of the northern forces.

Troops of Marshal Sun Chuan-fang, who is holding Shanghai, are reported to have advanced within 20 miles of Hankow.

AMERICA IS SENDING 1,200 MEN TO SHANGHAI. Washington, February 11.—(United News.)—A force of 1,200 marines is on the way to Shanghai, China, the navy department announced today.

They are the fourth regiment which left San Diego, Cal., under sealed orders some days ago, aboard the U. S. S. Chaumont. At that time the navy refused to say whether the troops would be sent to China. Today the navy said the troops were on the way from Honolulu to Shanghai.

The 300 marines who reached Shanghai yesterday aboard the U. S. S. Peccos, will not be landed unless American residents are endangered. Secretary of State Kellogg said today. The marines were distributed among U. S. warships already in Shanghai harbor and will be kept on the boats unless the situation becomes critical, Kellogg explained.

## Blue and Gray Honor Lincoln And R. E. Lee

New York, February 11.—(AP) Members of the G. A. R. and the Confederate veterans' camp of New York city joined today in placing wreaths on the busts of Robert E. Lee and Abraham Lincoln in the hall of fame at New York university. The ceremony was conducted under auspices of the New York Young Republic club.

General William Patton Griffith, past commander of the Union Veterans' league, and General Edwin Seligman, past commander of the Confederate Veterans' camp, shook hands before the bust of Lincoln. A detail from the New York university R. O. T. unit fired a salute of 31 guns.

"This is an event of historic importance," said General Griffith at a patriotic service in the New York university library. "One in which Abraham Lincoln and Robert E. Lee, if now living, would gladly have participated. The Blue and the Gray, united in these survivors of the great conflict of the 60's, do honor to the bronze images of these men who made some of the most notable pages in the history of America."

General Seligman, speaking of Lee, said: "He was great as a military leader of the southern armies, but greater as a leader in the acceptance of conditions after the fighting was over."

Atlanta Manager Of Prize-Winning College Year Book Mrs. Augustus M. Roan, formerly Miss Margaret Zattau, of 1161 Ponce de Leon avenue, was business manager of the 1926 edition of "The Vesper," Wesleyan college year book, recently published by the Central Intercollegiate Press association.

Much of the credit for winning of the all-American title was due to the work of this Atlanta girl, who has been in the management of the publication through a perfect business record, plus a profit of \$150.

# Grant Brings Tenfold Price Of Lincoln

Clarksdale, Miss., February 11.—(AP) The "touching up" of the picture of Abraham Lincoln on bank notes of \$5 denomination with pen and ink to put whiskers on the engraving and transform it into a likeness of Ulysses Grant which appears on \$50 bills is the method attributed to Ray Burns, arrested at Sardis, Miss., and held in jail here to await trial on a charge of counterfeiting.

Burns is alleged to have admitted putting his adeptness with the pen to the use charged.

"A few ink spots did the work," Burns is quoted as saying and to have explained that he learned the "fine points" needed while confined in the federal prison at Leavenworth.

## Warm Weather Due After Today, Says Forecaster

Further slight drops in mercury readings for today is the forecast by C. F. von Herrmann, official meteorologist of the local weather bureau, who added that a turn to warmer weather is due Sunday.

The storm which raged for two days over the Rocky mountain area and which was scheduled to sweep over the southland this week end, failed to show up and fears that a cold wave might visit the section have been brushed away by the more cheerful news from the weather office Friday.

Temperatures today will range from 5 to 10, with a low of 5 and a high of 10. The low mark of 5 was reached in the early hours of the afternoon, it was stated. Temperatures Friday started at a low point of 38 and reached the 50 degree mark Friday afternoon.

There is no rain in sight and all indications point to beautiful weather for the next few days, with Sunday much warmer than either Friday or today.

## AUTHORITY ON SHOES TO VISIT IN ATLANTA

Mark W. Selby, treasurer of the Selby Shoe company, of Portsmouth, Ohio, and an international figure in the shoe industry, will stop over in Atlanta Sunday and Monday, en route to his home from Dallas, Texas, where he has been a guest at the Southwestern Shoe Retailers' association convention, held in that city on January 31, February 1 and 2.

En route to Portsmouth, Mr. Selby will make several stopovers at the special request of prominent shoe dealers in cities throughout the south. While in Atlanta he will be the personal guest of A. L. Slavens, of New York city, president of the Slavens Shoe corporation, who is spending a few days in the city. The Arch Preserver shoe shop here is operated by the Slavens Shoe corporation.

J. H. Kanouse, local manager of the Arch Preserver shoe shop, which opened in Atlanta approximately six months ago, is enjoying a good trade, surpassing expectations at the opening, he declared Friday. Mr. Kanouse is thoroughly familiar with the shoe industry and has been responsible for the rise of the shoe to its present status in Atlanta business circles.

Mr. Selby has traveled extensively throughout the United States and abroad in the interest of the shoe industry and is thoroughly familiar with every detail of "business, both in America and Europe."

# Veterans of Gray See Film Depicting Battles of '60'

**AUDIENCE OUTDOES GREAT PICTURE IN INTEREST**

BY HERB MCUSKER. "Yo-o-wo-o!" "H-yar they come—h-yar comes the Yankees!" Through the underbrush flanking the burning Rock River bridge, hordes of blue clad invaders crept forward. On the far bank of a sluggish stream, tiny puffs of white smoke lifted lazily through the foliage, forming a curtain above the gray figures and the newly-dug breastworks.

—the battle of Rock River bridge was on!

A small detachment of that defending wall of gray sat Friday night and watched the blue wave approach. Bloodless hands gripped canes, fading eyes glistened anew and sparkled momentarily like embers that refuse to die.

See Battle Film. The veterans of the Confederate Soldiers' home were witnessing the showing of a film battle in which at least three of them participated—not in "real life" but in real life. The picture was "The General," Buster Keaton's historic treatise done with light comedy touch and in a manner that left this most critical of audiences rocking with mirth.

Buster Keaton, as principal character in the film, entertained. But the celluloid hero here was able to watch his audience, he would have been entranced. For here was emotion that was genuine, gestures that huge salaries could not create, criticism of which no living critic is capable.

The aged veterans sat spellbound as "The General," famous locomotive stolen in the Andrews raid at Big Shanty, Ga., in April, 1862, was seized by northern spies. One bent, fascinated spectator, whose sparse white hair was enfolded in a huge bandana handkerchief, shouted warning to the unsuspecting Confederates, warning in a loud, hoarse voice, "The train is coming! The train is coming!"

## TWO ROCHESTER BUTCHERS KILLED AND TWO WOUNDED

Rochester, N. Y., February 11.—(AP) Two Rochester butchers were shot dead, a third butcher is in a critical condition, and a fourth shot through the leg tonight by a man said by spectators to be Harry Gordon, 34, who was forced out of the meat market business here two years ago, when other butchers brought charges against him. Police tonight were searching for Gordon.

The man said to be Gordon appeared first at the apartment of Harry Katz, who was preparing to go out for the evening with a woman friend. Forcing his way into the apartment, the man emptied three bullets into Katz's body and the latter fell dead. The slayer fled in an automobile before the alarm could be given. He went to the butcher shop of Sam Tolitz on Peck street, ran into the store, in which a number of persons were standing, and shot Tolitz, the proprietor, eight times, while the others fled screaming from the place.

The slayer next went to the delicatessen store of Frank Cohen and Morris Klass, on Herman street, emptying his gun at the two proprietors. His aim here was poor, however, and Cohen escaped with a bullet through one leg. Klass was taken to a hospital with a bullet wound in the body that may cause his death.

Police at Gordon has now a bitter grievance against his fellow butchers since February, 1925, when he was arrested for assault on Tolitz. He charged Tolitz with selling bad meat, and when the latter refused to change this practice, according to his assailant, Gordon assaulted him. Gordon served a penitentiary term, and

## Jackie Coogan And Buster Brown Feature Program

Jackie Coogan and Buster Brown and "Tige" will take part in helping the Saturday matinee youngsters celebrate St. Valentine's day this week at the Howard theater at 9:30 o'clock, at which a Valentine will be included in the regular price of admission, 10 cents for school children and 25 cents for adults. For six years the better films committee has helped the children to celebrate the festival day.

Jackie Coogan will be seen in his latest film, "Old Clothes," in which he engages in the "junk" business to help out an old friend, and, of course, makes millions of both of them. Many believe this to be Jackie's best picture, and it is equally interesting to all ages.

Buster Brown and Tige, the wonder dog, give "The Orphan Party," a funny story. The "Saturday Matinee" urges mothers of small children to take advantage of this program, suited to those of tender years, because, owing to the lack of strictly juvenile pictures, most of the Saturday matinee programs appeal to the older children more, and it is unusual to have a program like this, suited in its entirety to the little ones.

Charmingly appropriate to the occasion will be the Valentine dance given by Eugene Knight and Martha Mobley, and the George Washington minuet, "Belle and Beau of Long Ago," featuring Beverly Baker, Mary Gannon, Anna Katherine Hodnett, Charlotte Ripley, Olivia Taylor and Jennie Cole Shropshire, with Miss Beatrice White at the piano. Mrs. Charles La Fontaine has trained the children especially for this program.

The Valentines to be given to every child attending are the gift of Dr. Cox, of the neighboring drug store. Mrs. John G. Courtney, chaperone chairman, will have a large committee of better film mothers, 10 Boy Scouts and 10 Girl Scouts to assist in caring for the children.

The February issue of Girls' High Times, which is just off the press, is full of interesting news of the various activities of Girls' High school.

While Girls' High welcomed a number of freshmen from the four junior high schools at the beginning of the midyear term the first of February, she lost a number of seniors at this time who had completed their course of study.

High Times states that only 92 girls out of an enrollment of about 600 were exempt from their midyear examinations.

**Mrs. L. D. Watson Honors Nephew.**  
Mrs. L. D. Watson entertained at a stag dinner party Wednesday evening at her home in Ansley Park in honor of her nephew, Warren Campbell West.

Valentine colors were used in the decorations. The dinner table was covered with a lace cloth, having as a centerpiece a lovely silver basket filled with red carnations, the handle tied with red and silver tulle. Silver candlesticks holding red candles were placed at intervals around the table. Valentine baskets held red and white mints, and the place cards were dainty Valentines.

Covers were laid for ten guests, including Warren C. West, Charles West, Jr., Jack Hickey, Gus Ashcraft, Wallace Kilgore, Tom Christie, Jimmie Carson, Chester Price, Herbert Symmers and Bill Hancock.

## Georgia Schools To Keep Saturday As 'Georgia Day'

Schools throughout Georgia will observe Saturday, February 12, as "Georgia day," and, although many of the schools are closed on Saturdays, they will hold special exercises in observance of the day, it was learned at the capitol Thursday. Georgia day was set aside in an act passed by the state legislature in 1900.

One feature of many of the programs is the recitation of several poems of the late Frank L. Stanton, beloved Georgia poet.

Fort E. Land, state superintendent of schools, sent the county school authorities a letter suggesting topics for a program and outlining briefly the history of Georgia day.

A coincidence of the occasion is that Georgia day and Lincoln's birthday fall on February 12. Lincoln's birthday anniversary is observed in many states as a legal holiday. Georgia day is not a legal holiday, but is observed as a special holiday the same as Arbor day.

Mr. Land's letter, in which he tells the story of Georgia day and what it commemorates is as follows:

"On February 12, 1733, Oglethorpe arrived at Yamacraw Bluff accompanied by colonists who were the early settlers of the colony which afterwards became the state of Georgia.

"The date, February 12, has been designated by the state legislature to be celebrated in Georgia schools as 'Georgia day.'

"In the early history of the state there is to be found romance, adventure and wonderful achievements of the early pioneers. It is more important to know the history of one's own state, and the achievements of our own people than to study the casualties of foreign wars and the

change of territorial lines. No school should let the day pass without a suitable program in which all grad from the first through the high school may participate.

"The following suggested topics may be used:

"Georgia's Poets: Georgia's State motto: Georgia's Soldiers: Georgia's Industrial Leaders: Georgia's Founders: Georgia's Education: Georgia's Resources: Georgia's Crops: Georgia's Soils and Climate: Georgia's Schools: Five Great Women of Georgia: Story of Tomichichi: Story of Wesley, a Prophecy of Georgia's Future.

"Sources of material—Georgia Histories; School Readers; Song Books; Libraries; Encyclopaedias; Bulletin from State College of Agriculture; State Department of Agriculture; State Board of Geology and State Department of Commerce and Labor.

"Each school should possess a Georgia flag which may be purchased from school supply houses at small cost. Let every superintendent urge upon his teachers the celebration of Georgia day in all the schools."

# Starring Dulcie Jayne

By VIRGINIA TRACY.

**SYNOPSIS.**—Cornelia Marsh, employed in the scenario department of Hertzog's motion picture studio at Fort Lee, learns with sorrow that Henry Hertzog, the head of the department, has been fired by Lyman Hertzog, son of the owner of the studio. Every one knows that Lyman is a scoundrel, but Dulcie seems to prefer her director, Daniel K. Leland, Mr. Hertzog's nephew, to Lyman, to that they feature Leland as a director. This makes Lyman and he quarrel violently with his father. The latter has a stroke of apoplexy as a result of the quarrel and Lyman automatically becomes head of the studio.

## INSTALLMENT XVIII.

### CHANGES.

The distressing relish of these gamey whispers was still lingering on Mrs. Marsh's plate when, in the Hertzog Bulletin, she came upon the likeness of a man in cowboy costume with large, dreamy eyes heavily lashed; this person, having left his shirt open almost to the belt in order to register careless virility, had succeeded in looking like an elderly husky girl. He was announced as Wynn Perceval, recently engaged for the sympathetic heavy in "Passion's Pride." Cornelia pointed out a second paragraph. Mr. Wynn Perceval didn't fade out with "Passion's Pride," he had been given a year's contract to play all Dulcie's heavy parts.

Then came a morning, the day after the appearance of the Bulletin, when the scenario department found itself crowded in a small, dim cage, hitherto the office of the casting director, other departments sprawling at ease in the air, space and sun of large front offices into which they had been just as suddenly as the scenario department had been hurled into the depths. The whole building shook with these revolutions. Halls and stairs were filled with trundling desks and with piles of papers, perilously shifted from old to new sanctuaries. Partitions were being torn down and put up. Abandoned stepladders and buckets of paint assisted in the confusion. Moreover the wardrobe room, the art department, in fact every branch of Hertzog's which had ever loved anything portable, had been let out of the fighting code of grips and being finished in order to be shot that night, his mechanical staff, headed by his freckled little assistant and asked by every grip in the studio, was fighting against last-minute restrictions like a regiment defending its home town—their not-to-make-reply, their not-to-reason-why, forms, no part of the fighting code of grips and the whole studio rang with the cries of battle. In this moving day atmosphere the lease of the restaurant was threatened with non-renewal, typists, cutters, developers suffered a cut in salaries, while big new fliers were being written to outside agencies, and the Jersey shore, facing New York, there were going up three enormous signs which might well see lower in electric flames of red, blue, white and green.

"Perfection Pictures"—Dulcie Jayne: Robert Harcourt; Harry Hooey; Verona Revell; general manager, Lyman Hertzog. Joseph Hertzog presents "Perfection Pictures." They reach above and beyond. Lyman Hertzog, general manager. Dulcie Jayne in "Flapper Folly," "Light of Dawn," "Passion's Pride," general manager, Lyman Hertzog. Lyman had arrived in Fort Lee, coming out of his father's office, torn and cloud wrapped, with the air of having no time to take his hat off his cigar out of his mouth, yet he seemed to watch the readers struggling with the more movable furnishings of what yesterday had been the scenario department: today to be occupied by Mr. Leach in solitary confinement. While diverted by the sight of Mr. Hertzog's former pet carrying, to speak, their own straw back to their cage, he suddenly encountered Miss Jacobs, her arms brimming with papers from the filing cabinet. "Here! That stays in Mr. Leach's office, for conferences!" "You want I should stay in Mr. Leach's office?" "No, not you. You'll have to come in and out, of course. Can't you do most of your work in the regular department, so as to keep your eye on the readers?"

"Not without my filing cabinet, Mr. Leach. I couldn't." Anticipating a gathering threat, she added, "all's up to you, Mr. Lyman. If you bounce me clear outta the company, all right—if I'm not here at all, your papa couldn't expect I would be," not without reason she insisted. "But so long as I am here, I'm in charge of the filing cabinet and I got to be in the same room with it. I can't be responsible for it—not the way I am to Mr. Hertzog—when it's alone across the hall with a strange man."

"You talk as if Mr. Leach was a porch climber! Why, he's the biggest thing in scenario editors afloat." "He's never been to business college, Mr. Lyman. I bet you anything, he's liable to put papers into the filing cabinet, to retain long-bored or maybe take cards out of the catalog and leave them laying, so we'll never know where we are. Your papa depends on me so we should. When he gets back he's got to find me at all or he's got to find me right with it. Just whichever way you want, Mr. Lyman."

Invisible priestess of the filing cabinet! It remained for conferences, but so did she. Lyman made the best of what he couldn't quite help by taking her largely into his own service, happening to bethink himself that he had no confidential underling such as his father had had in him and not liking to expose himself in this practically nude condition to the greatest scenario editor afloat.

And now the scenario department was worse off than ever, having lost not only Mr. Hertzog and Mr. Harcourt, but Miss Jacobs. And thus not hearing Lyman ask, "Miss Jacobs, seen a look I brought over here last week?" "Hearts on Fire."

"Was it yours, Mr. Lyman?" It must have got mixed up with the office consignments and sent back. I'm dead sure it was reported against. Shall I look it up?" "No good? Queer! Heard a lot about it. Certainly one peach of a name for a picture—'Hearts on Fire'! Might be just the right thing for Miss Revell."

"Heart Affire," Mr. Lyman. His new secretary somewhat severely corrected him. "Heart Affire is a Mary Pickford part. It's not suitable for personalities that's any ways feline."

"Well, see here then, how about Miss Jayne? Say, I want to talk this over with Mr. Leach soon as he gets here! Yes, look up who read it."

Towards noon two equestrians, a man and a girl, were breakfasting at the Casino in Central park. Their table was the round one on the northeast corner of the terrace. Only those march upon this favored spot who expect the best and take it, screened by a hedge-like angle of tall boxed bushes it is yet not shut off from a view of the great curved sweep of driveway, just where the latter suddenly squares itself into an entrance court stretching straight out to the trellised arbor and the white dome of the bandstand down in the mall. Thus the hedged corner caters perfectly to that complicated taste which requires great open spaces having as cozy a privacy as possible.

The man—tall, lean, with a hard, muscular body, a powerful head and bold features, wearing elegantly cut clothes with loose carelessness—was absorbed in a bulky typewritten manuscript instead of a morning paper. The girl was absorbed in a man. (Continued Monday)

## REALISM OR ROMANCE?

Dear Friends: Do you recall childhood's love for enchanted castles, fairy princes, two-headed giants? We carry our romantic yearnings into religious thought. Mythology for history, magic for science, a miraculous salvation, and a fairyland heaven. Religious romancing cuts us off from the progressive and liberating ideas of our day, and breeds suspicion that whatever is real is harmful. I think we ought to grow up. Do you?

Faithfully,

CLINTON LEE SCOTT,

## MEN WHO MADE THE WORLD

## King Richard I.

By DR. ELLIOTT SHORING,

NOTED HISTORIAN

HENRY AND HIS QUEEN HAD FIVE SONS AND THREE DAUGHTERS. RICHARD WAS THE THIRD SON. HENRY WAS A GENEROUS FATHER AND EARLY BEGAN APPOINTING HIS PROXIES TO HIS SONS. THEY SEEMED TO BE A VERY UNFORTUNATE LOT. WHOLLY LACKING IN THAT FILIAL RESPECT WHICH IN THIS DAY AND AGE WE ARE ACCUSTOMED TO REGARD AS A GENEROUS FATHER'S DUE. AND STRANGE AS IT MAY SEEM, THERE FOLLOWED THEN A SERIES OF REBELLIONS AND WARS FORMED BY THE SONS AGAINST THEIR FATHER, WITH THE MOTHER USUALLY SIDING WITH THE BOYS.

(TO BE CONT'D)

HENRY PLANTAGENET LISTENED TO THE ADVANCES OF ELEANORA RATHER AS A BUSINESS PROPOSITION THAN AS A LOVE AFFAIR, AND WE CAN READILY SEE WHY THIS WAS SO. AT THE TIME OF THE MARRIAGE OF HENRY AND ELEANORA THIRTY, APART FROM THE DIFFERENCE IN THEIR AGES, HE HAD A NATURAL RELUCTANCE TO TAKE THE DISCARNED WIFE OF ANOTHER MAN. BUT HENRY, WITH AN EYE TO BUSINESS, BELIEVED THAT THE FORCES OF ELEANORA'S DOMINION, ADDED TO HIS OWN, WOULD ENABLE HIM TO OVERTHROW KING STEPHEN, THEN REIGNING IN ENGLAND, WHOM HENRY REGARDED AS A USURPER. SO THE MARRIAGE TOOK PLACE, ALL IN THE YEAR 1152. AND FOLLOWING THE MARRIAGE, HENRY THEN SAILED AT THE HEAD OF THIRTY-SIX SHIPS AND A LARGE FORCE OF FIGHTING MEN, TO ENGLAND, TO DETHRONE STEPHEN. THE BATTLES WHICH ENSUED PRODUCED NO DECISIVE RESULT, SO IT WAS THEN AGREED THAT STEPHEN SHOULD CONTINUE TO HOLD THE ENGLISH CROWN AS LONG AS HE LIVED, AND UPON HIS DEATH HENRY SHOULD SUCCEED HIM.
